

## CALAKMUL-BALAMKU TOUR

In the morning we will pick you up at the Chicanna Ecovillage Resort with your box-lunch and we will head out to the Calakmul Archaeological Site, in the Biosphere Reserve of the same name. According to recent researches, the Calakmul Site is the largest and oldest Mayan city ever found and the Natural Reserve where it's located is home of a great diversity of flora and fauna. Among the many examples you'll be able to admire are the screaming monkeys, spider monkeys, ocellated turkeys, pheasant, blue morph butterfly, diverse species of orchids and bromeliads, etc. once we've finished this visit to Calakmul, we will go to the Balamku archaeological site to admire the beautiful stucco frieze from the VI century of our time. This frieze is considered one of the most beautiful artistic expressions of the Mayan lands. After this visit we will return to the Chicanna Ecovillage Resort.
